MOGOLLON RIM August 4, 1998

Towering 2,000 feet above the forest below, the Mogollon Rim lures sportsmen and adventurers alike. The magnificence of the area also provides inspiration for authors and artists, such as Zane Grey who built a cabin at the foot of the Rim.

Hi Harold and Jil -
I'm at my sister's cabin in Pine in North-eastern Arizona. Stephen and I will go horseback riding tomorrow. This is so beautiful and placeful.
Sincerely,
Dave
